TRUE JOY

Pope Francis reminds us that true joy comes from a profound harmony between persons, something which we all feel in our hearts and which makes us experience the beauty of togetherness of mutual support along life's journey. But the basis of this feeling of deep joy is the presence of God, the presence of God in the family and his love, which is welcoming merciful and respectful towards all.

And above all, a love which is patient: patience is a virtue of God and he teaches us how to cultivate it in family life, how to be patient and lovingly so, with each other. To be patient among ourselves.

A patient love.

Pope Francis
